

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions and listings of claims in the application:

1. (Original) A medical device, comprising:
 - a first conduit having a proximal end connected to a pump which provides suction at a distal region of the first conduit; and
 - a second conduit having a proximal end connected to a high energy source and which transmits a high energy to a distal end;wherein the distal end of the second conduit directs at least a portion of the high energy emitted to at least a portion of the distal region of the first conduit.

2.-34. (Canceled)
